

Index to Volume 67, 2013

Subject Index

Activities of Daily Living

- Broadening the Occupational Therapy Toolkit: An Executive Functioning Lens for Occupational Therapy With Children and Youth, 67(6), e139–e147
- Comprehensive Behavioral Intervention to Improve Occupational Performance in Children With Tourette Disorder, 67(2), 194–200
- From the Desk of the Editor and Associate Editor—Quantifying Function: The Rest of the Measurement Story, 67(1), 7–9
- Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319–327
- Effect of Hippotherapy on Motor Control, Adaptive Behaviors, and Participation in Children With Autism Spectrum Disorder: A Pilot Study, 67(6), 653–663
- Effectiveness of Occupational Performance Coaching in Improving Children's and Mothers' Performance and Mothers' Self-Competence, 67(1), 10–18
- Effects of Cognitive Task Demands on Subsequent Symptoms and Activity in Adults With Symptomatic Osteoarthritis, 67(6), 683–691
- Group Constraint-Induced Movement Therapy for Children With Hemiplegic Cerebral Palsy: A Pilot Study, 67(2), 201–208
- Multiple Errands Test—Revised (MET-R): A Performance-Based Measure of Executive Function in People With Mild Cerebrovascular Accident, 67(4), 460–468
- Occupational Therapy Interventions to Improve Performance of Daily Activities at Home for Older Adults With Low Vision: A Systematic Review, 67(3), 279–287
- Perceived Participation After Stroke: The Influence of Activity Retention, Reintegration, and Perceived Recovery, 67(6), e131–e138
- Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515–523
- Psychometric Properties of the Practical Skills Test (PST), 67(2), 246–253
- Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120–e130
- Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91–99

Acute Lung Injury

- Brief Report—Occupational Therapy for Patients With Acute Lung Injury: Factors Associated With Time to First Intervention in the Intensive Care Unit, 67(3), 355–362

Adaptation, Psychological

- Effect of Hippotherapy on Motor Control, Adaptive Behaviors, and Participation in Children With Autism Spectrum Disorder: A Pilot Study, 67(6), 653–663
- Occupational Performance Needs of Young Veterans, 67(1), 73–81

Adolescent

- Centennial Vision*—Review of Instrument Development and Testing Studies for Children and Youth, 67(3), e30–e54

Adolescent Behavior

- Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515–523

Adolescent Health Services

- Centennial Vision*—Intervention Effectiveness for Children and Youth, 67(6), e154–e165
- Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120–e130

Age Factors

- Brief Report—Household Task Participation of Children With and Without Physical Disability, 67(5), e100–e105
- Occupational Therapy Interventions to Improve Performance of Daily Activities at Home for Older Adults With Low Vision: A Systematic Review, 67(3), 279–287

Aged

- Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108–116
- From the Desk of the Guest Editor—Effectiveness of Occupational Therapy Interventions for Older Adults Living With Low Vision, 67(3), 263–265
- Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303–311
- Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91–99

Aging

- Centennial Vision*—Update on Productive Aging Research in the *American Journal of Occupational Therapy*, 2012, 67(4), e77–e91
- Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574–582

Anterior Temporal Lobectomy

- Brief Report—Assessing the Driving Performance of a Person With Epilepsy Presurgery and Post-surgery, 67(3), e24–e29

Anxiety

- Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700

AOTA Association and Official Documents

- AOTA's Societal Statement on Health Disparities, 67(6, Suppl.), s7–s8
- Cognition, Cognitive Rehabilitation, and Occupational Performance, 67(6, Suppl.), s9–s31
- Guidelines for Documentation of Occupational Therapy, 67(6, Suppl.), s32–s38
- Obesity and Occupational Therapy, 67(6, Suppl.), s39–s46
- Occupational Therapy in the Promotion of Health and Well-Being, 67(6, Suppl.), s47–s55
- Role of Occupational Therapy in Wound Management 67(6, Suppl.), s56–s64
- Summary of Articles and Bylaws Revisions, 2013, 67(6, Suppl.), s6
- Telehealth, 67(6, Suppl.), s65–s86

Art Therapy

- Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700

Attention

- Listening to Classical Music Ameliorates Unilateral Neglect After Stroke, 67(3), 328–335

Attention Deficit Disorder

- Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319–327

Attention Deficit Disorder With Hyperactivity

- Driving Characteristics of Teens With Attention Deficit Hyperactivity and Autism Spectrum Disorder, 67(6), 664–673
- Attitude of Health Personnel Prescribers' Experiences With Powered Mobility Prescription Among Older Adults, 67(1), 100–107

Autistic Disorder

- Brief Report—Development and Reliability of the Autism Work Skills Questionnaire (AWSQ), 67(1), e1–e5

Index to Volume 67, 2013

Subject Index

Activities of Daily Living

- Broadening the Occupational Therapy Toolkit: An Executive Functioning Lens for Occupational Therapy With Children and Youth, 67(6), e139–e147

Adolescent

- Centennial Vision*—Review of Instrument Development and Testing Studies for Children and Youth, 67(3), e30–e54

Adolescent Behavior

- Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515–523

Adolescent Health Services

- Centennial Vision*—Intervention Effectiveness for Children and Youth, 67(6), e154–e165
- Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120–e130

Age Factors

- Brief Report—Household Task Participation of Children With and Without Physical Disability, 67(5), e100–e105
- Occupational Therapy Interventions to Improve Performance of Daily Activities at Home for Older Adults With Low Vision: A Systematic Review, 67(3), 279–287

Aged

- Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108–116
- From the Desk of the Guest Editor—Effectiveness of Occupational Therapy Interventions for Older Adults Living With Low Vision, 67(3), 263–265
- Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303–311
- Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91–99

Aging

- Centennial Vision*—Update on Productive Aging Research in the *American Journal of Occupational Therapy*, 2012, 67(4), e77–e91
- Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574–582

Anterior Temporal Lobectomy

- Brief Report—Assessing the Driving Performance of a Person With Epilepsy Presurgery and Post-surgery, 67(3), e24–e29

Anxiety

- Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700

AOTA Association and Official Documents

- AOTA's Societal Statement on Health Disparities, 67(6, Suppl.), s7–s8
- Cognition, Cognitive Rehabilitation, and Occupational Performance, 67(6, Suppl.), s9–s31
- Guidelines for Documentation of Occupational Therapy, 67(6, Suppl.), s32–s38
- Obesity and Occupational Therapy, 67(6, Suppl.), s39–s46
- Occupational Therapy in the Promotion of Health and Well-Being, 67(6, Suppl.), s47–s55
- Role of Occupational Therapy in Wound Management 67(6, Suppl.), s56–s64
- Summary of Articles and Bylaws Revisions, 2013, 67(6, Suppl.), s6
- Telehealth, 67(6, Suppl.), s65–s86

Art Therapy

- Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700

Attention

- Listening to Classical Music Ameliorates Unilateral Neglect After Stroke, 67(3), 328–335

Attention Deficit Disorder

- Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319–327

Attention Deficit Disorder With Hyperactivity

- Driving Characteristics of Teens With Attention Deficit Hyperactivity and Autism Spectrum Disorder, 67(6), 664–673
- Attitude of Health Personnel Prescribers' Experiences With Powered Mobility Prescription Among Older Adults, 67(1), 100–107

Autistic Disorder

- Brief Report—Development and Reliability of the Autism Work Skills Questionnaire (AWSQ), 67(1), e1–e5

Children's Assessment of Participation and Enjoyment/Preference for Activities of Children: Psychometric Properties in a Population With High-Functioning Autism, 67(2), 209-217

Effect of Hippotherapy on Motor Control, Adaptive Behaviors, and Participation in Children With Autism Spectrum Disorder: A Pilot Study, 67(6), 653-663

Automobile Driving

Brief Report—Assessing the Driving Performance of a Person With Epilepsy Presurgery and Postsurgery, 67(3), e24-e29

Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108-116

Driving Assessment Tools Used by Driver Rehabilitation Specialists: Survey of Use and Implications for Practice, 67(5), 564-573

Driving Characteristics of Teens With Attention Deficit Hyperactivity and Autism Spectrum Disorder, 67(6), 664-673

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296-302

Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574-582

Awareness

Development and Preliminary Psychometric Evaluation of the Self-Perceptions in Rehabilitation Questionnaire (SPIRQ) for Brain Injury Rehabilitation, 67(3), 336-344

Behavior Therapy

Comprehensive Behavioral Intervention to Improve Occupational Performance in Children With Tourette Disorder, 67(2), 194-200

Behavioral Medicine

Health Policy Perspectives—Opportunities for Occupational Therapy Behavioral Health: A Call to Action, 67(2), 140-144

Behavioral Research

Introducing a New Intervention: An Overview of Research Phases and Common Challenges, 67(2), 177-183

Recruitment, Retention, and Blinding in Clinical Trials, 67(2), 154-160

Biomechanics

Effects of Constraint-Induced Therapy Combined With Eye Patching on Functional Outcomes and Movement Kinematics in Poststroke Neglect, 67(2), 236-245

Birth Injuries

Computer Adaptive Test Approach to the Assessment of Children and Youth With Brachial Plexus Birth Palsy, 67(5), 525-533

Body Weight

Effectiveness of a Physical Activity Intervention for Head Start Preschoolers: A Randomized Intervention Study, 67(1), 28-36

Brachial Plexus Neuropathy, Computer Adaptive Test Approach to the Assessment of Children and Youth With Brachial Plexus Birth Palsy, 67(5), 525-533

Brain Injuries

Development and Preliminary Psychometric Evaluation of the Self-Perceptions in Rehabilitation Questionnaire (SPIRQ) for Brain Injury Rehabilitation, 67(3), 336-344

Observed Recovery Sequence in Neurobehavioral Function After Severe Traumatic Brain Injury, 67(5), 543-549

Caregivers

Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108-116

Carpal Tunnel Syndrome

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64-72

Investigating the Effectiveness of Full-Time Wrist Splinting and Education in the Treatment of Carpal Tunnel Syndrome: A Randomized Controlled Trial, 67(4), 448-459

Central Nervous System Diseases

Centennial Vision—Five Years Later: Achieving Professional Effectiveness to Move Neurorehabilitation Forward, 67(5), e106-e119

Cerebral Palsy

Group Constraint-Induced Movement Therapy for Children With Hemiplegic Cerebral Palsy: A Pilot Study, 67(2), 201-208

Certification

The Issue Is—Ensuring That Education, Certification, and Practice Are Evidence Based, 67(3), 364-369

Child

Assessing Handwriting Intervention Effectiveness in Elementary School Students: A Two-Group Controlled Study, 67(1), 19-26

Norm Scores of the Box and Block Test for Children Ages 3-10 Years, 67(3), 312-318

Child, Preschool

Effectiveness of a Physical Activity Intervention for Head Start Preschoolers: A Randomized Intervention Study, 67(1), 28-36

Child Development

Method for the Systematic Reviews on Occupational Therapy and Early Intervention and Early Childhood Services, 67(4), 389-394

Norm Scores of the Box and Block Test for Children Ages 3-10 Years, 67(3), 312-318

Systematic Review of Interventions to Promote Social-Emotional Development in Young Children With or at Risk for Disability, 67(4), 395-404

Systematic Review of Occupational Therapy Interventions to Improve Cognitive Development in Children Ages Birth-5 Years, 67(4), 425-430

Child Development Disorders, Pervasive

Brief Report—Safely Transporting Children With Autism Spectrum Disorder: Evaluation and Intervention, 67(6), 711-716

Driving Characteristics of Teens With Attention Deficit Hyperactivity and Autism Spectrum Disorder, 67(6), 664-673

Child Health Services

Centennial Vision—Intervention Effectiveness for Children and Youth, 67(6), e154-e165

Evidence for the Effectiveness of Different Service Delivery Models in Early Intervention Services, 67(4), 431-436

Family-Centered Principles Implemented in Home-Based, Clinic-Based, and School-Based Pediatric Settings, 67(2), 228-235

The Issue Is—Childhood Toxic Stress: A Community Role in Health Promotion for Occupational Therapists, 67(6), e148-e153

Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120-e130

Child Restraint Systems

Brief Report—Safely Transporting Children With Autism Spectrum Disorder: Evaluation and Intervention, 67(6), 711-716

Child Welfare

The Issue Is—Childhood Toxic Stress: A Community Role in Health Promotion for Occupational Therapists, 67(6), e148-e153

Chronic Disease

From the Desk of the Associate Editor—Measuring Function in Chronic Progressive Disorders, 67(5), 499-501

Clinical Audit

Observed Recovery Sequence in Neurobehavioral Function After Severe Traumatic Brain Injury, 67(5), 543-549

Clinical Protocols

Protocol Development, Treatment Fidelity, Adherence to Treatment, and Quality Control, 67(2), 146-153

Clinical Trials as Topic

From the Desk of the Guest Editor—Special Issue on the Accelerating Clinical Trials and Outcomes Research (ACTOR) Conference, 67(2), 135-136

- Making the Best Match: Selecting Outcome Measures for Clinical Trials and Outcome Studies, 67(2), 162-168
- Recruitment, Retention, and Blinding in Clinical Trials, 67(2), 154-160

Cognition

- Driving Characteristics of Teens With Attention Deficit Hyperactivity and Autism Spectrum Disorder, 67(6), 664-673
- Effects of Cognitive Task Demands on Subsequent Symptoms and Activity in Adults With Symptomatic Osteoarthritis, 67(6), 683-691
- Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574-582
- Reducing Cognitive Load While Teaching Complex Instruction to Occupational Therapy Students, 67(5), e92-e99
- Systematic Review of Occupational Therapy Interventions to Improve Cognitive Development in Children Ages Birth-5 Years, 67(4), 425-430

Cognition Disorders

- 2013 Eleanor Clarke Slagle Lecture: A Fork in the Road: An Occupational Hazard? 67(6), 641-652

Coma

- Observed Recovery Sequence in Neurobehavioral Function After Severe Traumatic Brain Injury, 67(5), 543-549

Consciousness Disorders

- Observed Recovery Sequence in Neurobehavioral Function After Severe Traumatic Brain Injury, 67(5), 543-549

Consumer Participation

- Rasch Analysis of the Mental Health Recovery Measure, 67(4), 469-477

Cooperative Behavior

- Effectiveness of a 10-Week Tier-1 Response to Intervention Program in Improving Fine Motor and Visual-Motor Skills in General Education Kindergarten Students, 67(5), 507-514

Critical Care

- Brief Report—Occupational Therapy for Patients With Acute Lung Injury: Factors Associated With Time to First Intervention in the Intensive Care Unit, 67(3), 355-362

Cues

- Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91-99

Cultural Diversity

- Farewell Presidential Address, 2013—As Viewed From Above: Connectivity and Diversity in Fulfilling Occupational Therapy's Centennial Vision, 67(6), 624-632

Data Collection

- Brief Report—Functional Test for the Hemiparetic Upper Extremity Normative Database, 67(6), 717-721
- Driving Assessment Tools Used by Driver Rehabilitation Specialists: Survey of Use and Implications for Practice, 67(5), 564-573

Databases, Bibliographic

- Systematic Reviews Informing Occupational Therapy, 67(3), 345-354

Decision Making

- Making the Best Match: Selecting Outcome Measures for Clinical Trials and Outcome Studies, 67(2), 162-168
- Prescribers' Experiences With Powered Mobility Prescription Among Older Adults, 67(1), 100-107

Delivery of Health Care

- Evidence for the Effectiveness of Different Service Delivery Models in Early Intervention Services, 67(4), 431-436

Dementia

- Enhanced Task-Oriented Training in a Person With Dementia With Lewy Bodies, 67(5), 556-563

Depression

- DVD Training for Depression Identification and Treatment in Older Adults: A Two-Group, Randomized, Wait-List Control Study, 67(5), 584-593
- Minimal Depression: How Does It Relate to Upper-Extremity Impairment and Function in Stroke, 67(5), 550-555

Developmental Coordination Disorder

- Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319-327

Diagnosis

- Centennial Vision—Review of Instrument Development and Testing Studies for Children and Youth, 67(3), e30-e54

Diagnosis, Computer-Assisted

- Computer Adaptive Test Approach to the Assessment of Children and Youth With Brachial Plexus Birth Palsy, 67(5), 525-533

Diffusion of Innovation

- Dissemination: Bringing Translational Research to Completion, 67(2), 185-192
- Introducing a New Intervention: An Overview of Research Phases and Common Challenges, 67(2), 177-183
- The Issue Is—Ensuring That Education, Certification, and Practice Are Evidence Based, 67(3), 364-369
- Research Utilization and Evidence-Based Practice in Occupational Therapy: A Scoping Study, 67(4), e55-e65

Disabled Children

- Effectiveness of Occupational Performance Coaching in Improving Children's and Mothers' Performance and Mothers' Self-Competence, 67(1), 10-18
- Life Participation for Parents: A Tool for Family-Centered Occupational Therapy, 67(1), 37-44

Double-Blind Method

- Recruitment, Retention, and Blinding in Clinical Trials, 67(2), 154-160

Early Intervention (Education)

- From the Desk of the Guest Editor—Systematic Reviews of the Effectiveness of Interventions Used in Occupational Therapy Early Childhood Services, 67(4), 379-382
- Evidence for the Effectiveness of Different Service Delivery Models in Early Intervention Services, 67(4), 431-436
- Family-Centered Principles Implemented in Home-Based, Clinic-Based, and School-Based Pediatric Settings, 67(2), 228-235
- Method for the Systematic Reviews on Occupational Therapy and Early Intervention and Early Childhood Services, 67(4), 389-394
- Systematic Review of Interventions Used in Occupational Therapy to Promote Motor Performance for Children Ages Birth-5 Years, 67(4), 413-424
- Systematic Review of Occupational Therapy Interventions to Improve Cognitive Development in Children Ages Birth-5 Years, 67(4), 425-430

Education, Continuing

- DVD Training for Depression Identification and Treatment in Older Adults: A Two-Group, Randomized, Wait-List Control Study, 67(5), 584-593

Education, Professional

- The Issue Is—Ensuring That Education, Certification, and Practice Are Evidence Based, 67(3), 364-369

Emotional Intelligence

- Systematic Review of Interventions to Promote Social-Emotional Development in Young Children With or at Risk for Disability, 67(4), 395-404

Empathy

- Inaugural Presidential Address, 2013—From Heartfelt Leadership to Compassionate Care, 67(6), 633-640

Employment

- Brief Report—Development and Reliability of the Autism Work Skills Questionnaire (AWSQ), 67(1), e1-e5

Environment

- Home Lighting Assessment for Clients With Low Vision, 67(6), 674-682

Environment Design

Home Lighting Assessment for Clients With Low Vision, 67(6), 674–682

Epilepsy

Brief Report—Assessing the Driving Performance of a Person With Epilepsy Presurgery and Post-surgery, 67(3), e24–e29

Equine-Assisted Therapy

Effect of Hippotherapy on Motor Control, Adaptive Behaviors, and Participation in Children With Autism Spectrum Disorder: A Pilot Study, 67(6), 653–663

Equipment Safety

Safe-Patient-Handling Equipment in Therapy Practice: Implications for Rehabilitation, 67(1), 45–53

Ethics, Professional

The Issue Is—Ensuring That Education, Certification, and Practice Are Evidence Based, 67(3), 364–369

Evidence-Based Practice

Centennial Vision—Five Years Later: Achieving Professional Effectiveness to Move Neuro-rehabilitation Forward, 67(5), e106–e119

Centennial Vision—Intervention Effectiveness for Children and Youth, 67(6), e154–e165

Centennial Vision—Update on Productive Aging Research in the *American Journal of Occupational Therapy*, 2012, 67(4), e77–e91

From the Desk of the Guest Editor—Effectiveness of Occupational Therapy Interventions for Older Adults Living With Low Vision, 67(3), 263–265

From the Desk of the Guest Editor—Special Issue on the Accelerating Clinical Trials and Outcomes Research (ACTOR) Conference, 67(2), 135–136

Dissemination: Bringing Translational Research to Completion, 67(2), 185–192

The Issue Is—Ensuring That Education, Certification, and Practice Are Evidence Based, 67(3), 364–369

The Issue Is—The Evidence-Based Paradox, 67(2), e18–e23

Method for the Systematic Reviews on Occupational Therapy and Early Intervention and Early Childhood Services, 67(4), 389–394

Methodology for the Systematic Reviews on Occupational Therapy Interventions for Older Adults With Low Vision, 67(3), 272–278

Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303–311

Occupational Therapy Interventions to Improve the Reading Ability of Older Adults With Low Vision: A Systematic Review, 67(3), 288–295

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296–302

Research Utilization and Evidence-Based Practice in Occupational Therapy: A Scoping Study, 67(4), e55–e65

Systematic Review of Interventions Used in Occupational Therapy to Promote Motor Performance for Children Ages Birth–5 Years, 67(4), 413–424

Systematic Review of Interventions Used in or Relevant to Occupational Therapy for Children With Feeding Difficulties Ages Birth–5 Years, 67(4), 405–412

Systematic Reviews Informing Occupational Therapy, 67(3), 345–354

Evoked Potentials, Visual

Effects of Visual Rehabilitation on a Child With Severe Visual Impairment, 67(4), 437–447

Executive Function

Broadening the Occupational Therapy Toolkit: An Executive Functioning Lens for Occupational Therapy With Children and Youth, 67(6), e139–e147

Multiple Errands Test–Revised (MET–R): A Performance-Based Measure of Executive Function in People With Mild Cerebrovascular Accident, 67(4), 460–468

Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515–523

Exercise

Effectiveness of a Physical Activity Intervention for Head Start Preschoolers: A Randomized Intervention Study, 67(1), 28–36

Exercise Therapy

Brief Report—Self-Reported Versus Objectively Assessed Exercise Adherence, 67(4), 484–489

Eye Movements

Effects of Constraint-Induced Therapy Combined With Eye Patching on Functional Outcomes and Movement Kinematics in Poststroke Neglect, 67(2), 236–245

Family Characteristics

Brief Report—Household Task Participation of Children With and Without Physical Disability, 67(5), e100–e105

Family Health

Family-Centered Principles Implemented in Home-Based, Clinic-Based, and School-Based Pediatric Settings, 67(2), 228–235

Fatigue

Effects of Cognitive Task Demands on Subsequent Symptoms and Activity in Adults With Symptomatic Osteoarthritis, 67(6), 683–691

Feasibility Studies

Nuts and Bolts of Conducting Feasibility Studies, 67(2), 171–176

Fecal Incontinence

Brief Report—Occupational Therapy Based on Ayres Sensory Integration in the Treatment of Retentive Fecal Incontinence in a 3-Year-Old Boy, 67(5), 601–606

Feeding and Eating Disorders of Childhood

Systematic Review of Interventions Used in or Relevant to Occupational Therapy for Children With Feeding Difficulties Ages Birth–5 Years, 67(4), 405–412

Feeding Behavior

Systematic Review of Interventions Used in or Relevant to Occupational Therapy for Children With Feeding Difficulties Ages Birth–5 Years, 67(4), 405–412

Fetal Alcohol Syndrome

Functional Handwriting Performance in School-Age Children With Fetal Alcohol Spectrum Disorders, 67(5), 534–543

Forecasting

Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108–116

Inaugural Presidential Address, 2013—From Heartfelt Leadership to Compassionate Care, 67(6), 633–640

Functional Laterality

Norm Scores of the Box and Block Test for Children Ages 3–10 Years, 67(3), 312–318

Geriatric Assessment

Brief Report—Reliability of the Health Enhancement Lifestyle Profile–Screening (HELP–Screening), 67(1), e6–e10

Driving Assessment Tools Used by Driver Rehabilitation Specialists: Survey of Use and Implications for Practice, 67(5), 564–573

DVD Training for Depression Identification and Treatment in Older Adults: A Two-Group, Randomized, Wait-List Control Study, 67(5), 584–593

Goals

Effectiveness of Occupational Performance Coaching in Improving Children's and Mothers' Performance and Mothers' Self-Competence, 67(1), 10–18

Guidelines as Topic

Making the Best Match: Selecting Outcome Measures for Clinical Trials and Outcome Studies, 67(2), 162–168

Habits

Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91–99

Hand

Norm Scores of the Box and Block Test for Children Ages 3–10 Years, 67(3), 312–318

Hand Strength

Brief Report—Interinstrument Reliability of the Jamar Electronic Dynamometer and Pinch Gauge Compared With the Jamar Hydraulic Dynamometer and B&L Engineering Mechanical Pinch Gauge, 67(4), 480–483
Writing Forces Associated With Four Pencil Grasp Patterns in Grade 4 Children, 67(2), 218–227

Handwriting

Assessing Handwriting Intervention Effectiveness in Elementary School Students: A Two-Group Controlled Study, 67(1), 19–26
Functional Handwriting Performance in School-Age Children With Fetal Alcohol Spectrum Disorders, 67(5), 534–543
Writing Forces Associated With Four Pencil Grasp Patterns in Grade 4 Children, 67(2), 218–227

Health Behavior

Brief Report—Reliability of the Health Enhancement Lifestyle Profile—Screener (HELP—Screener), 67(1), e6–e10

Health Manpower

Health Policy Perspectives—Opportunities for Occupational Therapy Behavioral Health: A Call to Action, 67(2), 140–144

Health Planning

Health Policy Perspectives—Opportunities for Occupational Therapy Behavioral Health: A Call to Action, 67(2), 140–144

Health Policy

Prescribers' Experiences With Powered Mobility Prescription Among Older Adults, 67(1), 100–107

Health Promotion

Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91–99

Health Services Research

Brief Report—Occupational Therapy for Patients With Acute Lung Injury: Factors Associated With Time to First Intervention in the Intensive Care Unit, 67(3), 355–362
Evidence for the Effectiveness of Different Service Delivery Models in Early Intervention Services, 67(4), 431–436

Hemiplegia

Group Constraint-Induced Movement Therapy for Children With Hemiplegic Cerebral Palsy: A Pilot Study, 67(2), 201–208

History

2013 Eleanor Clarke Slagle Lecture: A Fork in the Road: An Occupational Hazard? 67(6), 641–652

Emergence of Scholarship in the *American Journal of Occupational Therapy*, 67(4), e66–e76

Home Care Services

Brief Report—Self-Reported Versus Objectively Assessed Exercise Adherence, 67(4), 484–489
Family-Centered Principles Implemented in Home-Based, Clinic-Based, and School-Based Pediatric Settings, 67(2), 228–235
Home Lighting Assessment for Clients With Low Vision, 67(6), 674–682

Homeless Persons

Psychometric Properties of the Practical Skills Test (PST), 67(2), 246–253

Hospitals, Chronic Disease

Philip King Brown and Arequipa Sanatorium: Early Occupational Therapy as Medical and Social Experiment, 67(2), e11–e17

Human Activities

2013 Eleanor Clarke Slagle Lecture: A Fork in the Road: An Occupational Hazard? 67(6), 641–652
Philip King Brown and Arequipa Sanatorium: Early Occupational Therapy as Medical and Social Experiment, 67(2), e11–e17

Imagination

Inaugural Presidential Address, 2013—From Heartfelt Leadership to Compassionate Care, 67(6), 633–640

Independent Living

Occupational Performance Needs of Young Veterans, 67(1), 73–81

Individualized Medicine

Health Policy Perspectives—P4 Medicine and Pediatric Occupational Therapy, 67(4), 383–388

Information Dissemination

Dissemination: Bringing Translational Research to Completion, 67(2), 185–192

Intensive Care, Neonatal

Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700

Internationality

Farewell Presidential Address, 2013—As Viewed From Above: Connectivity and Diversity in Fulfilling Occupational Therapy's *Centennial Vision*, 67(6), 624–632

Interpersonal Relations

Systematic Review of Interventions to Promote Social-Emotional Development in Young Children With or at Risk for Disability, 67(4), 395–404

Investigative Techniques

Centennial Vision—Review of Instrument Development and Testing Studies for Children and Youth, 67(3), e30–e54

Kinetics

Writing Forces Associated With Four Pencil Grasp Patterns in Grade 4 Children, 67(2), 218–227

Knowledge

The Issue Is—From Periphery to Player: Strategically Positioning Occupational Therapy Within the Knowledge Translation Landscape, 67(1), 119–125

Knowledge Management

The Issue Is—From Periphery to Player: Strategically Positioning Occupational Therapy Within the Knowledge Translation Landscape, 67(1), 119–125

Leadership

Inaugural Presidential Address, 2013—From Heartfelt Leadership to Compassionate Care, 67(6), 633–640

Learning

Reducing Cognitive Load While Teaching Complex Instruction to Occupational Therapy Students, 67(5), e92–e99

Learning Disorders

Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319–327

Leisure Activities

Children's Assessment of Participation and Enjoyment/Preference for Activities of Children: Psychometric Properties in a Population With High-Functioning Autism, 67(2), 209–217
Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303–311

Lewy Bodies

Enhanced Task-Oriented Training in a Person With Dementia With Lewy Bodies, 67(5), 556–563

Life Change Events

Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692–700
Psychometric Properties of the Practical Skills Test (PST), 67(2), 246–253

Life Style

Brief Report—Population-Centered Life Skills Groups: Perceptions of Satisfaction and Engagement, 67(5), 594–600

Brief Report—Reliability of the Health Enhancement Lifestyle Profile-Screener (HELP-Screener), 67(1), e6-e10
Life Participation for Parents: A Tool for Family-Centered Occupational Therapy, 67(1), 37-44

Lighting

Home Lighting Assessment for Clients With Low Vision, 67(6), 674-682

Locomotion

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296-302

Lupus Erythematosus, Systemic

Brief Report—Self-Reported Versus Objectively Assessed Exercise Adherence, 67(4), 484-489

Manpower

Farewell Presidential Address, 2013—As Viewed From Above: Connectivity and Diversity in Fulfilling Occupational Therapy's *Centennial Vision*, 67(6), 624-632

Maternal Behavior

Effectiveness of Occupational Performance Coaching in Improving Children's and Mothers' Performance and Mothers' Self-Competence, 67(1), 10-18

Median Nerve

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64-72

Medicare

Health Policy Perspectives—Implications of the Affordable Care Act for Occupational Therapy Practitioners Providing Services to Medicare Recipients, 67(5), 502-506

Medication Adherence

Using Daily Routines to Promote Medication Adherence in Older Adults, 67(1), 91-99

Memory

Reducing Cognitive Load While Teaching Complex Instruction to Occupational Therapy Students, 67(5), e92-e99

Mental Health

Rasch Analysis of the Mental Health Recovery Measure, 67(4), 469-477

Mental Health Services

Health Policy Perspectives—Opportunities for Occupational Therapy Behavioral Health: A Call to Action, 67(2), 140-144

Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120-e130

Mental Processes

Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515-523

Meta-analysis as Topic

Systematic Reviews Informing Occupational Therapy, 67(3), 345-354

Models, Psychological

Health Policy Perspectives—Opportunities for Occupational Therapy Behavioral Health: A Call to Action, 67(2), 140-144

Models, Theoretical

The Issue Is—The Evidence-Based Paradox, 67(2), e18-e23

Rasch Analysis of the Mental Health Recovery Measure, 67(4), 469-477

Motivation

Occupational Performance Needs of Young Veterans, 67(1), 73-81

Motor Activity

Effectiveness of a Physical Activity Intervention for Head Start Preschoolers: A Randomized Intervention Study, 67(1), 28-36

Motor Skills

Effect of Hippotherapy on Motor Control, Adaptive Behaviors, and Participation in Children With Autism Spectrum Disorder: A Pilot Study, 67(6), 653-663

Effectiveness of a 10-Week Tier-1 Response to Intervention Program in Improving Fine Motor and Visual-Motor Skills in General Education Kindergarten Students, 67(5), 507-514

Effectiveness of a Physical Activity Intervention for Head Start Preschoolers: A Randomized Intervention Study, 67(1), 28-36

Enhanced Task-Oriented Training in a Person With Dementia With Lewy Bodies, 67(5), 556-563

Group Constraint-Induced Movement Therapy for Children With Hemiplegic Cerebral Palsy: A Pilot Study, 67(2), 201-208

Minimal Depression: How Does It Relate to Upper-Extremity Impairment and Function in Stroke, 67(5), 550-555

Norm Scores of the Box and Block Test for Children Ages 3-10 Years, 67(3), 312-318

Systematic Review of Interventions Used in Occupational Therapy to Promote Motor Performance for Children Ages Birth-5 Years, 67(4), 413-424

Motor Vehicles

Brief Report—Safely Transporting Children With Autism Spectrum Disorder: Evaluation and Intervention, 67(6), 711-716

Movement

Group Constraint-Induced Movement Therapy for Children With Hemiplegic Cerebral Palsy: A Pilot Study, 67(2), 201-208

Moving and Lifting Patients

Safe-Patient-Handling Equipment in Therapy Practice: Implications for Rehabilitation, 67(1), 45-53

Muscle Strength Dynamometer

Brief Report—Interinstrument Reliability of the Jamar Electronic Dynamometer and Pinch Gauge Compared With the Jamar Hydraulic Dynamometer and B&L Engineering Mechanical Pinch Gauge, 67(4), 480-483

Music Therapy

Listening to Classical Music Ameliorates Unilateral Neglect After Stroke, 67(3), 328-335

Neuronal Plasticity

Effects of Visual Rehabilitation on a Child With Severe Visual Impairment, 67(4), 437-447

Occupational Therapy

2013 Eleanor Clarke Slagle Lecture: A Fork in the Road: An Occupational Hazard? 67(6), 641-652

Assessing Handwriting Intervention Effectiveness in Elementary School Students: A Two-Group Controlled Study, 67(1), 19-26

Reviews

From the Desk of the Guest Editor—Systematic Reviews of the Effectiveness of Interventions Used in Occupational Therapy Early Childhood Services, 67(4), 379-382

Method for the Systematic Reviews on Occupational Therapy and Early Intervention and Early Childhood Services, 67(4), 389-394

Methodology for the Systematic Reviews on Occupational Therapy Interventions for Older Adults With Low Vision, 67(3), 272-278

Occupational Therapy Interventions to Improve Leisure and Social Participation for Older

Adults With Low Vision: A Systematic Review, 67(3), 303-311

Occupational Therapy Interventions to Improve Performance of Daily Activities at Home for Older Adults With Low Vision: A Systematic Review, 67(3), 279-287

Occupational Therapy Interventions to Improve the Reading Ability of Older Adults With Low Vision: A Systematic Review, 67(3), 288-295

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296-302

Systematic Review of Interventions to Promote Social-Emotional Development in Young Children With or at Risk for Disability, 67(4), 395-404

Systematic Review of Interventions Used in Occupational Therapy to Promote Motor Performance for Children Ages Birth-5 Years, 67(4), 413-424

Systematic Review of Interventions Used in or Relevant to Occupational Therapy for Children With Feeding Difficulties Ages Birth-5 Years, 67(4), 405-412

Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120-e130

Systematic Review of Occupational Therapy Interventions to Improve Cognitive Development in Children Ages Birth-5 Years, 67(4), 425-430

Systematic Reviews Informing Occupational Therapy, 67(3), 345-354

Risk Assessment

Driving Assessment Tools Used by Driver Rehabilitation Specialists: Survey of Use and Implications for Practice, 67(5), 564-573

Risk Factors

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64-72

Risk Reduction Behavior Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515-523

ROC Curve

Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574-582

Role

Brief Report—Household Task Participation of Children With and Without Physical Disability, 67(5), e100-e105

Safety

Brief Report—Safely Transporting Children With Autism Spectrum Disorder: Evaluation and Intervention, 67(6), 711-716

Concurrent Criterion Validity of the Safe Driving Behavior Measure: A Predictor of On-Road Driving Outcomes, 67(1), 108-116

School Health Services

Effectiveness of a 10-Week Tier-1 Response to Intervention Program in Improving Fine Motor and Visual-Motor Skills in General Education Kindergarten Students, 67(5), 507-514

Self-Concept

Development and Preliminary Psychometric Evaluation of the Self-Perceptions in Rehabilitation Questionnaire (SPIRQ) for Brain Injury Rehabilitation, 67(3), 336-344

Perceived Participation After Stroke: The Influence of Activity Retention, Reintegration, and Perceived Recovery, 67(6), e131-e138

Self-Development Groups Among Women in Recovery: Client Perceptions of Satisfaction and Engagement, 67(1), 82-90

Self-Report

Brief Report—Reliability of the Health Enhancement Lifestyle Profile—Screening (HELP—Screening), 67(1), e6-e10

Brief Report—Self-Reported Versus Objectively Assessed Exercise Adherence, 67(4), 484-489

Self-Help Devices

Occupational Therapy Interventions to Improve the Reading Ability of Older Adults With Low Vision: A Systematic Review, 67(3), 288-295

Self-Report

Brief Report—Development and Reliability of the Autism Work Skills Questionnaire (AWSQ), 67(1), e1-e5

Sensation Disorders

Brief Report—Occupational Therapy Based on Ayres Sensory Integration in the Treatment of Retentive Fecal Incontinence in a 3-Year-Old Boy, 67(5), 601-606

Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319-327

Sensory Deprivation

Effects of Constraint-Induced Therapy Combined With Eye Patching on Functional Outcomes and Movement Kinematics in Poststroke Neglect, 67(2), 236-245

Signs and Symptoms

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64-72

Social Participation

Occupational Performance Needs of Young Veterans, 67(1), 73-81

Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303-311

Perceived Participation After Stroke: The Influence of Activity Retention, Reintegration, and Perceived Recovery, 67(6), e131-e138

Social Support

Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692-700

Socialization

Systematic Review of Occupational Therapy and Mental Health Promotion, Prevention, and Intervention for Children and Youth, 67(6), e120-e130

Splints

Investigating the Effectiveness of Full-Time Wrist Splinting and Education in the Treatment of Carpal Tunnel Syndrome: A Randomized Controlled Trial, 67(4), 448-459

Staff Development

DVD Training for Depression Identification and Treatment in Older Adults: A Two-Group, Randomized, Wait-List Control Study, 67(5), 584-593

Stress, Psychological

Art-Based Occupation Group Reduces Parent Anxiety in the Neonatal Intensive Care Unit: A Mixed-Methods Study, 67(6), 692-700

Stress Disorders, Traumatic

The Issue Is—Childhood Toxic Stress: A Community Role in Health Promotion for Occupational Therapists, 67(6), e148-e153

Stroke

Determinants of Change in Stroke-Specific Quality of Life After Distributed Constraint-Induced Therapy, 67(1), 54-63

Effects of Constraint-Induced Therapy Combined With Eye Patching on Functional Outcomes and Movement Kinematics in Poststroke Neglect, 67(2), 236-245

Listening to Classical Music Ameliorates Unilateral Neglect After Stroke, 67(3), 328-335

Minimal Depression: How Does It Relate to Upper-Extremity Impairment and Function in Stroke, 67(5), 550-555

Multiple Errands Test—Revised (MET-R): A Performance-Based Measure of Executive Function in People With Mild Cerebrovascular Accident, 67(4), 460-468

Perceived Participation After Stroke: The Influence of Activity Retention, Reintegration, and Perceived Recovery, 67(6), e131-e138

Substance-Related Disorder

Brief Report—Population-Centered Life Skills Groups: Perceptions of Satisfaction and Engagement, 67(5), 594-600

Substance-Related Disorders

Self-Development Groups Among Women in Recovery: Client Perceptions of Satisfaction and Engagement, 67(1), 82-90

Task Performance and Analysis

Brief Report—Assessing the Driving Performance of a Person With Epilepsy Presurgery and Post-surgery, 67(3), e24-e29

Brief Report—Household Task Participation of Children With and Without Physical Disability, 67(5), e100-e105

Centennial Vision—Review of Instrument Development and Testing Studies for Children and Youth, 67(3), e30-e54

Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319-327

Effects of Cognitive Task Demands on Subsequent Symptoms and Activity in Adults With Symptomatic Osteoarthritis, 67(6), 683-691

Enhanced Task-Oriented Training in a Person With Dementia With Lewy Bodies, 67(5), 556-563

Multiple Errands Test—Revised (MET-R): A Performance-Based Measure of Executive Function in People With Mild Cerebrovascular Accident, 67(4), 460-468

Performance-Based Measure of Executive Function: Comparison of Community and At-Risk Youth, 67(5), 515-523

Writing Forces Associated With Four Pencil Grasp Patterns in Grade 4 Children, 67(2), 218-227

Teaching

DVD Training for Depression Identification and Treatment in Older Adults: A Two-Group, Randomized, Wait-List Control Study, 67(5), 584-593

Reducing Cognitive Load While Teaching Complex Instruction to Occupational Therapy Students, 67(5), e92-e99

Tic Disorders

Comprehensive Behavioral Intervention to Improve Occupational Performance in Children With Tourette Disorder, 67(2), 194-200

Time Factors

Brief Report—Occupational Therapy for Patients With Acute Lung Injury: Factors Associated With Time to First Intervention in the Intensive Care Unit, 67(3), 355-362

Tissues

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64-72

Tourette Syndrome

Comprehensive Behavioral Intervention to Improve Occupational Performance in Children With Tourette Disorder, 67(2), 194-200

Translational Medical Research

Dissemination: Bringing Translational Research to Completion, 67(2), 185-192

Introducing a New Intervention: An Overview of Research Phases and Common Challenges, 67(2), 177-183

The Issue Is—From Periphery to Player: Strategically Positioning Occupational Therapy Within the Knowledge Translation Landscape, 67(1), 119–125

Research Utilization and Evidence-Based Practice in Occupational Therapy: A Scoping Study, 67(4), e55–e65

Transportation, Brief Report—Safely Transporting Children With Autism Spectrum Disorder: Evaluation and Intervention, 67(6), 711–716

Treatment Outcome

Assessing Handwriting Intervention Effectiveness in Elementary School Students: A Two-Group Controlled Study, 67(1), 19–26

Centennial Vision—Intervention Effectiveness for Children and Youth, 67(6), e154–e165

Comprehensive Behavioral Intervention to Improve Occupational Performance in Children With Tourette Disorder, 67(2), 194–200

From the Desk of the Associate Editor—Measuring Function in Chronic Progressive Disorders, 67(5), 499–501

From the Desk of the Guest Editor—Effectiveness of Occupational Therapy Interventions for Older Adults Living With Low Vision, 67(3), 263–265

From the Desk of the Guest Editor—Special Issue on the Accelerating Clinical Trials and Outcomes Research (ACTOR) Conference, 67(2), 135–136

From the Desk of the Guest Editor—Systematic Reviews of the Effectiveness of Interventions Used in Occupational Therapy Early Childhood Services, 67(4), 379–382

Effectiveness of a 10-Week Tier-1 Response to Intervention Program in Improving Fine Motor and Visual-Motor Skills in General Education Kindergarten Students, 67(5), 507–514

Effectiveness of Occupational Performance Coaching in Improving Children's and Mothers' Performance and Mothers' Self-Competence, 67(1), 10–18

Effects of Visual Rehabilitation on a Child With Severe Visual Impairment, 67(4), 437–447

Enhanced Task-Oriented Training in a Person With Dementia With Lewy Bodies, 67(5), 556–563

Making the Best March: Selecting Outcome Measures for Clinical Trials and Outcome Studies, 67(2), 162–168

Nuts and Bolts of Conducting Feasibility Studies, 67(2), 171–176

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296–302

Protocol Development, Treatment Fidelity, Adherence to Treatment, and Quality Control, 67(2), 146–153

Systematic Review of Interventions to Promote Social-Emotional Development in Young Children With or at Risk for Disability, 67(4), 395–404

Systematic Review of Interventions Used in Occupational Therapy to Promote Motor Performance for Children Ages Birth–5 Years, 67(4), 413–424

Systematic Review of Interventions Used in or Relevant to Occupational Therapy for Children With Feeding Difficulties Ages Birth–5 Years, 67(4), 405–412

Systematic Review of Occupational Therapy Interventions to Improve Cognitive Development in Children Ages Birth–5 Years, 67(4), 425–430

Tuberculosis

Philip King Brown and Arequipa Sanatorium: Early Occupational Therapy as Medical and Social Experiment, 67(2), e11–e17

Ultrasonography

Importance of Tissue Morphology Relative to Patient Reports of Symptoms and Functional Limitations Resulting From Median Nerve Pathology, 67(1), 64–72

Upper Extremity

Brief Report—Functional Test for the Hemiparetic Upper Extremity Normative Database, 67(6), 717–721

Minimal Depression: How Does It Relate to Upper-Extremity Impairment and Function in Stroke, 67(5), 550–555

Validity of Results

Detecting Differences in Activities of Daily Living Between Children With and Without Mild Disabilities, 67(3), 319–327

Value-Based Purchasing

Health Policy Perspectives—Implications of the Affordable Care Act for Occupational Therapy Practitioners Providing Services to Medicare Recipients, 67(5), 502–506

Veterans Health

Occupational Performance Needs of Young Veterans, 67(1), 73–81

Vision, Low

From the Desk of the Guest Editor—Effectiveness of Occupational Therapy Interventions for Older Adults Living With Low Vision, 67(3), 263–265

Home Lighting Assessment for Clients With Low Vision, 67(6), 674–682

Methodology for the Systematic Reviews on Occupational Therapy Interventions for Older Adults With Low Vision, 67(3), 272–278

Occupational Therapy Interventions to Improve Leisure and Social Participation for Older Adults With Low Vision: A Systematic Review, 67(3), 303–311

Occupational Therapy Interventions to Improve Performance of Daily Activities at Home for Older Adults With Low Vision: A Systematic Review, 67(3), 279–287

Occupational Therapy Interventions to Improve the Reading Ability of Older Adults With Low Vision: A Systematic Review, 67(3), 288–295

Occupational Therapy Interventions to Promote Driving and Community Mobility for Older Adults With Low Vision: A Systematic Review, 67(3), 296–302

Vision Disorders

Effects of Visual Rehabilitation on a Child With Severe Visual Impairment, 67(4), 437–447

Vision Tests

Predicting Older Driver On-Road Performance by Means of the Useful Field of View and Trail Making Test Part B, 67(5), 574–582

Visual Perception

Assessing Handwriting Intervention Effectiveness in Elementary School Students: A Two-Group Controlled Study, 67(1), 19–26

Vocational Guidance

Brief Report—Development and Reliability of the Autism Work Skills Questionnaire (AWSQ), 67(1), e1–e5

Wheelchairs

Prescribers' Experiences With Powered Mobility Prescription Among Older Adults, 67(1), 100–107

Wrist

Investigating the Effectiveness of Full-Time Wrist Splinting and Education in the Treatment of Carpal Tunnel Syndrome: A Randomized Controlled Trial, 67(4), 448–459
